7.1 Pursuant to Schedule 2 of Companies Act, 2013 and rules made thereunder, residual life of all depreciable assets has been worked out in line with recommended useful life . All assets except building are past their useful life and hence their carrying value has been considered Nil . For building salvage value is estimated at Rs. 399779 (@ 3% of original cost of the building) . The total useful life of building is estimated as 30 years and hence, the remaining life as on 31st March, 2014 is 11.41 years and depreciation has been adjusted accordingly. Similarly the depreciation on revalued portion of building has also been recomputed and is reduced from revaluation reserve.
